No	Question	Answer
1.	Regarding tender Supplies for Environmental Inspection in Serbia, can You please give us additional information about technical and fabric specification for Lot no.3 - Motorboat with Trailer.	The specifications for this lot no. 3 are provided in Annex II and III of the tender dossier, Lot No.3 Motorboat with trailer (Boat with cabin, fitted outboard engine, fitted controls and matching trailer for Road Transport of the Motorboat). The boat is intended for fishery inspection of Serbian surface waters and will carry personnel and scientific and fishery gear. It is a boat for daily professional use by the competent authority. Materials are as described in the tender dossier and must be durable and hard wearing given the environment in which they are used and with regard to the described professional purpose.
