

This Project is funded by the European Union

Support Human Capital Development and Research - General Education and Human Capital Development

Support Human Capital Development and Research is a project funded by the European Union. The project objective is to contribute to human capital development through strengthening the “knowledge triangle”: education – research – innovation, as well as to enhance the effectiveness of the educational system in Serbia, thus contributing to a better overall level of knowledge, skills and competences in the society. The project began in July 2012 and will have a lifetime of three years. The project team is based in Belgrade but will operate across all of Serbia.

The project is seeking the following Short Term Experts:

Junior Experts to support the development of the Subject Curricula Framework in Primary and General Secondary Education (JE-SCF)

Eight (8) posts up to 30 days between March 2014 and July 2015

Applications must be written in English and consist of an expression of interest, indicating title of the post applied for, and an updated CV in EU format (please use the template from the project website).

Following advert related documents are available for download:

- Further details of the project – [Project outline](#)
- Detailed post description for JE-SCF – [Terms of Reference JE-SCF](#)
- Required [CV template](#)

Only electronically submitted applications directed to the office@razvionica.edu.rs e-mail will be processed. Only short-listed candidates will be contacted.

The closing date for applications is the 10th of March 2014.

Implemented by a consortium led by Hulla & Co Human Dynamics KG
