No	Question	Answer
1	Can we request participations in the site visits two days after dead line (10.06.2009.)? If we send a written request to attend the site visit on 12.06.2009., will it be possible to attend site visit from 15.6.-19.6., or later?	The deadline for the site visit has to be respected. It is not possible to change the deadline for application for the site visit, and the site cannot be visited without the previous application.
2	The tender dossier for the project is accessible on the Internet. What is precise meaning of the sentence that „tenderers will not be entitled to request participation in the site visits if they have not previously requested a tender dossier for the project“? Untill when and where can we (formally) request for a tender dossier?	The meaning is: Tenderers must have downloaded the Tender dossier from: http://www.delscg.ec.europa.eu/ There is no deadline.
