1.	<p>Concerning the selection and award criteria we would like to ask you to clarify on an issue.</p> <p>It is mentioned in point 21. Selection criteria: 3) Technical capacity of candidate: 1. the candidate has completed (where the final report has been approved) either as a leader or as a consortium partner, in both cases with a proportion of contract value higher than 200 000 EUR, at least 2 international projects during the past 3 years previous to the deadline for submission of applications <u>in all required fields of expertise</u> listed in Article 7.</p> <p>Does this mean that the applicant needs to prove experience in any of the required fields of expertise listed in Article 7? Consequently this would mean that the applicant has completed at least 8 international projects during the past 3 years previous to the deadline for submission of applications. Is this assumption correct?</p>	<p>The applicant doesn't need to prove experience in any of the required fields of expertise listed in Article 7.</p> <p>Please be informed that a Corrigendum on this issue and also on a slight postponement of the submission deadline will be published shortly at the following link:</p> <p>https://webgate.ec.europa.eu/europeaid/online-services/index.cfm?do=publi.welcome</p>
